Mr. Richard Landry  
Landry Design  
1133 Iowa Ave.  
Los Angeles, CA 90025

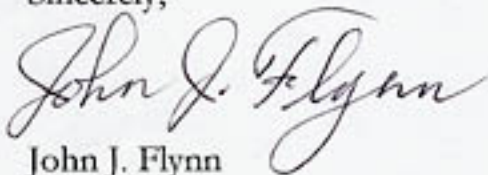

Dear Mr. Landry:

Since 1986, the BAC Craft Awards program has recognized local unions, union craftworkers, union contractors and design professionals for excellence in masonry construction, and for outstanding union and community service.

As you may be aware, the Jarol Residence has been awarded the 2006 BAC Craft Award for Best Plaster Project. As architect of the project, I congratulate you on your invaluable contribution to this impressive effort. Projects of this caliber would not be possible without the close collaboration of design professionals like yourself and skilled union masonry craftworkers.

Please accept the enclosed personalized award certificate with my most sincere congratulations.

Sincerely,

  
John J. Flynn
